

Diverse Cultures

CHORUS:

We live in the United States.

Diverse people bring things to a community.

They bring different languages and food.

Holidays, traditions, too.

Diverse cultures make up communities!

Diverse cultures make up communities!

Food is an important part of many different cultures that we share with each other.

(Foods like) pho, sushi, hush puppies, and tacos make our communities diverse.

CHORUS

People speak and read a lot of different languages in our community.

(Besides English, you might hear) Spanish, Greek, Japanese, Navajo, Vietnamese, or Cherokee.

CHORUS

Different cultures have holidays that we celebrate in our community.

(Do you celebrate) Cinco de Mayo, Chinese New Year, or Kwanzaa in your community?

CHORUS

Traditions are special and are shared with the community in which we live.

(We share) jazz and gospel, salsa, soccer, surfing, clogging, and Kabuki from different cultures.
